

Beginner tutorial videos

You will find a selection of video tutorials in our video library. You can easily find your way around using the categories and descriptions.

PLEASE NOTE: Changes in operation due to updates or association specifications may not yet be reflected in the videos. We ensure that the videos are kept up to date, but accept no liability. Individual customisation of personal software may result in deviations in the user interface.

- Click on the video image to start the tutorial
- Click on the „4 arrows pointing apart“ at the bottom right of the image to enlarge the image for viewing.
- Use the „Escape/ESC“ button to reduce the image again.

In our **Mediathek** you will find further recordings of workshops and training webinars.
