## PC CADDIE://online Space allocation

The PC CADDIE://online space allocation is a possible extension to the PC CADDIE://online Tournament management. Your customer can use this tool to get a quick overview of what is happening on your golf course. They can quickly and easily see when and how the course, the secretary's office, the driving range or the catering facilities are occupied.

Your advantages at a glance:

- Tournaments are entered fully automatically.
- The tournament entry connects directly to your PC CADDIE://online competition calendar via a hyperlink.
- Course maintenance measures can be easily entered via the PC CADDIE Infodesktop can be easily entered.
- Guest groups can be visualised quickly and easily.
- The course layout is in responsive design and therefore fully customisable to the output device.
- The design can be customised to your Cl using CSS.

## **Format**

Think in advance about which areas you want to display and use. Below are a few examples from practice.

## Single-column

In reality, the space overview in single-column format looks like this:

Golfclub Altenhof

#### **Multi-column**

The multi-column format offers a complete overview of several places or divisions.

GolfResort Weimarer Land
