	1	10	R11		Load F9						
	2	6	L6	<u>1</u> 1	12	R9		Save F11			
	3	8	R12								
	4	9	R8	<u>1</u> 3	8	L6					
	5	8	L12	<u>1</u> 4	9	R12					
	6	7	L5	<u>1</u> 5	9	R11					
	7	8	R4	<u>1</u> 6	13	L6					
	8	9	L7	<u>1</u> 7	9	R7					
	9	11	R10	<u>1</u> 8	6	L5					
Г	Er	nglish layo	ut				×	<u>Q</u> uit			

Check the **English layout** box if you prefer this format.

Four pin-position cards are printed on a single A4 sheet after you start the process with **Print** (F8). Then you only need to cut this sheet.

HINT: Also note the **Reset** (1) button, which allows you to clear the window in order to enter new data. **Saving** and **Loading** (2) can also be very handy and save lots of work. Please don't change the file path (PC CADDIE\texts\) and the file extension suggested by PC CADDIE.

This function also enters the pin positions that are printed on the scorecards. If you do not want to print pin position cards, you can cancel it by pressing *End* - all input is saved and ready for scorecard printing.

Click on *Competitions/Print.../Score Cards* and select the appropriate tournament. You can use the button *Pin position* to enter the positions or to double-check your inputs.

!

Always save your scorecard design with a new name and do not change your default template.

Once you have inserted the blocks and positioned them appropriately on the scorecard, confirm with **OK.** Then click **Print** (F8) and check the position on the scorecard:
